BIOLOGY & SOCIETY HONORS PROGRAM APPLICATION

This application will be accepted during the second semester of the student's junior year. It will not be accepted if any of the required faculty signatures are missing. Students must have an overall Cornell cumulative GPA of 3.30. Please attach current transcript. The application is due no later than May 13 2020.

Name _____ College _____ Year of grad._____
Address _____ E-mail address _____ Phone _____

Titled (tentative):
_____

Project description:

Current overall GPA _____

_____ Please check here if you would like your project to be considered for the Trenchard Prize for Undergraduate Research, which supports summer travel for students working on an honors thesis.

NOTE: Students must enroll in BSOC 4991/4992, a four credit course, for two semesters. After acceptance of their honors application, a permission code will be generated and sent to you. A grade of "R" will be recorded at the end of the first semester. A letter grade will then be recorded at the end of the second semester for the entire year.

Student's signature _____ Date _____
